PORCELAIN AROMA DIFFUSER

## PALM QUEEN

ARM-P155

Create your perfect environment with Ellia Essential Oils and Diffusers.

Relish in the beauty of palms with the Palm Queen Porcelain Aroma Diffuser from Ellia Elements. A wick soaks up your favorite essential oil and releases the scent through the porcelain palms – without water or electricity. Perfect for your desk, bathroom, or other treasured small space.

### REGISTER YOUR DIFFUSER

Registering your diffuser secures the benefits of your warranty (even if you lose your receipt). It also makes it easier for us to assist you if you ever have an issue with your product.

### PARTS AND PIECES

- A – Porcelain top
- B – Base
- C – Orifice reducer tool
- D – Safety cap
- E – Orifice reducer
- F – 15-ml bottle of Rise Up™ Essential Oil

### UNIQUE FEATURES AND SPECIFICATIONS

#### Aroma

Your diffuser will provide scent for up to 2 weeks if filled with 15 ml of oil. Add another 15-ml bottle of oil as needed or when the rope wick begins to dry and the scent fades. Discoloration of the porcelain top is normal and will vary depending on the oil used. The porcelain top will also begin to fade in color when it is time to add more oil.

## HOW TO USE AND DIFFUSE

### Instructions

1. Add a few drops of oil directly to the porcelain top to start enjoying the aroma right away. Remove the porcelain top from the diffuser base.
2. Remove cap and orifice reducer from the oil bottle using the orifice reducer tool.
3. Pour up to 15 ml of essential oil into the base.
4. Place porcelain top on base, allowing the rope wick to drop directly into the essential oil.
5. Allow oil to completely absorb into the wick and ceramic topper to diffuse.

Porcelain top color has faded	All oil has diffused	Pour a 15-ml bottle of oil to the base

## ESSENTIAL OILS AND PETS

We should always exercise caution when using essential oils around our pets. Keep all essential oil and aromatherapy products (like diffusers) out of reach of pets. Keep open bottles away from pets to avoid internal consumption. We do not recommend the topical use of essential oils on pets, as they have a strong sense of smell and cannot get rid of the oil if they don't like it or it is disturbing them. When diffusing essential oils around pets, always diffuse in a well-ventilated area and leave an option for them to remove themselves from the space, such as leaving a door open. Every animal is different, so carefully observe how each animal responds when introducing an essential oil for the first time. If irritation occurs, discontinue the use of the essential oil. We recommend seeking medical attention if ingestion of essential oil occurs.
